## Review

### Part 1

Culitiba is a city in the southern part of ( Brazil ). It's the ( seventh ) largest city in the country. Many of those who live there have roots in ( Japan ). The city is well known for its ( environmental policies ).

### Part 2

First, he ( stopped ) cars from entering the busiest ( downtown street ) and made it a ( pedestrian zone ). Second, he had three sections of the new zone ( planted ) with flowers and trees .

### Part 3

One thing is that he ( saved ) the middle of the three parallel lanes of the main street for buses only. The other is that he made the buses much bigger by ( connecting ) some of them ( together ), so that each could ( hold ) ( up to ) 270 passengers .

### Part 4

First, they bought some riverbed areas and some land that easily became flooded . Then they turned it all into parks to ( increase ) the amount of ( green space ) in the city. Second, they ( attacked ) the problem of waste by teaching citizens about ( recycling ).
