

## ④ 英語表現 New Favorite Lesson10 の解答

STEP 4 ① The old house was not barrier-free, but their new house has a slope up to the entrance and handrails along the stairs.

② If we make our town barrier-free, elderly people can get around freely.

STEP 5 今こそバリアフリー社会を築くべき時です。(仮定法:「築いていないと遅いくらいだ」という感覚)

去年, 私のおばあちゃんは私たち家族と新しい家で同居を始めました。

おばあちゃんは歩いたり階段を使うのが大変になってきました。

おばあちゃんの古い家はバリアフリーではありませんでしたが,

私たちの新しい家には玄関までスロープがあり, 階段に沿って手すりもあります。

おばあちゃんは今では家中どこでも簡単に移動できます。

しかしながら, 町に出歩くことは今でもおばあちゃんには難しいことです。

おばあちゃんのような人たちが自由に出歩けるようにするために, 町をバリアフリーにするべきだと私は提案します。

Your turn(解答例)

I think the disabled people in our community face many problems. For example, there are some people who park their bicycles on the sidewalks, so the sidewalks are blocked. It is dangerous for visually challenged people to walk there. It's about time our city made parking lots for bicycles. If we could solve this problem, our community would become an easier place to live.
